**WHEREAS**, Laguna Aquatech has been at the forefront of rendering water needs and services to the people of Los Baños, in which the pursuit of such requires continuous development not just in the quality of the water itself but more so in its pipelines, tanks, and other infrastructure-related factors.

**WHEREAS**, over the years, Laguna Aquatech, even in its old nomenclature, has been conducting various direct and indirect infrastructure-related developments including but not limited to road excavation, pipelining, and repairing of leaks.

**WHEREAS**, the people of Los Baños have been consistently raising concerns to both the Laguna Aquatech and the Municipal Government regarding the major inconvenience these infrastructures have caused them; and while they are indeed part of the road to

**BE IT RESOLVED AS IT IS HEREBY RESOLVED** that an integrity check and review on all infrastructure projects made by Laguna Aquatech (formerly LARC) in the Municipality of Los Baños is being requested to the local chief executive, Honorable Neil Andrew Nocon, through the Municipal Engineering Office, to ensure the safety of our people and its full compliance to all necessary factors including but not limited to structural, environmental, and health and sanitation.

**RESOLVED FURTHER**, that the results of such review and integrity check shall be submitted in aid of legislation to the Sangguniang Bayan ng Los Baños and its Committee on Infrastructure and Public Works and the Committee on Good Governance, Public Ethics, and Accountability.
